Separate permits are required for electrical, plumbing and gas. This permit becomes null and void if work or construction authorized is not commenced within six (6) months, or if construction work is suspended or abandoned for a period of one (1) year at anytime after work is commenced. I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. Structure shall meet the minimum of the C.A.B.O. Model Energy Code, 1992 Edition. This approval does not relieve the designing architect or engineer, contractor or owner or responsibility for correcting plans or construction found at any time to be in noncompliance with applicable codes.
