**Natural gas upgrade work in Welchview subdivision  
postponed to spring**

*Current driveway and yard repairs will be finished on schedule*

**CLARKSVILLE, Tenn.** – The Clarksville Gas Department has postponed natural gas system maintenance and service line upgrade work that began this summer in the Welchview subdivision to spring 2020 to avoid customer service disruptions and inconvenience during the winter months.

The natural gas work has been significantly delayed due to poor weather; however, current driveway and yard repairs will be completed as scheduled.

Welchview subdivision residents will be notified in the spring when the work is scheduled to resume.

More information regarding the status of the upgrade project can be directed to the Gas Department office at (931) 645-7422 during normal business hours, Monday-Friday, 8 a.m.-4:30 p.m.
